HERO

Building what businesses need to move forward.

We work with startups, small businesses, D2C brands and entrepreneurs to build better businesses through technology, marketing, business development and strategic thinking.

[Work With Us]

[Explore Viby]

A company built around three ideas.

Solve. Learn. Build.

Viby Solution

We help businesses turn problems into practical solutions.

Viby Academy

We help freshers and students turn knowledge into real-world experience.

Viby Ventures

We build and test ideas of our own, turning opportunities into businesses.

[Explore Viby]

WHAT WE DO

From ideas to execution.

Good ideas are everywhere.

What matters is knowing what to build, how to market it, how to reach the right people and how to keep improving it.

That's where we come in.

Technology

Websites, e-commerce and AI-powered solutions designed around real business needs.

Marketing

Digital marketing, SEO, social media, content, performance marketing and email/CRM.

Business Development

Finding opportunities, understanding markets and creating better ways to reach customers.

Consulting

Practical thinking across business strategy, startups, e-commerce, technology and marketing.

[Explore Our Services →]

WHY VIBY

We don't believe in one-size-fits-all solutions.

Every business is different.

A local business doesn't have the same problems as a D2C brand. A startup doesn't need the same approach as an established company.

We start with the problem, understand the business and then figure out what actually makes sense.

Understand → Plan → Build → Launch → Improve

WHO WE WORK WITH

Built for businesses that are building.

We work with:

Startups

Small businesses

D2C brands

Local brands

Entrepreneurs

Service-based businesses

New business ideas

Whether you're starting from scratch or trying to improve what already exists, we can help turn the next step into something actionable.

THE VIBY ECOSYSTEM

One company. Three ways to create impact.

01 - Viby Solution - For businesses.

Technology, marketing, business development and consulting to help businesses build, grow and operate better.

[Explore Solution →]

02 - Viby Academy

For people.

Practical training and internship opportunities designed to help students and freshers gain experience by working on real projects.

[Explore Academy →]

03 - Viby Ventures

For ideas.

Our venture-building arm focused on identifying problems, creating solutions, validating ideas and building businesses of our own.

[Explore Ventures →]

OUR WORK

Ideas are easy. Execution is the work.

We've worked on projects across technology, e-commerce and business development.

Featured Work

Broker Streets

Technology / Business

Building digital solutions for a modern brokerage business.

brokerstreets.com

Kizzo

E-commerce / Marketing / Technology

Working across e-commerce, digital growth and technology for a consumer brand.

FOUNDER

Built by Het Chag.

Viby Solution was founded by Het Chag in July 2026 with a simple idea:

Businesses don't always need more people telling them what to do. They need people who can understand the problem and help get the work done.

Today, Viby brings together a small team working across technology, marketing, business development and new ventures.

[Connect with Het →]

FINAL CTA

Have something you're building?

Let's talk about what you're working on, where you're stuck and what we can build together.

02 - VIBY SOLUTION PAGE

HERO

Solutions for businesses that want to move forward.

We help startups, small businesses, D2C brands, local businesses and entrepreneurs solve business problems through technology, marketing, business development and consulting.

[Let's Work Together]

SERVICES

Technology

Build better digital experiences.

We create practical digital solutions that help businesses operate, sell and grow.

Services:

Website Development

Shopify & E-commerce

AI Tools & Implementation

Marketing

Get discovered. Stay relevant. Grow.

We help businesses build their digital presence and connect with the people who matter.

Services:

Digital Marketing

SEO

Social Media

Content Creation

Performance Marketing
Email & CRM

Business Development

Find opportunities. Create growth.

Growth isn't always about spending more on marketing. Sometimes it's about finding the right market, customer or opportunity.

Services:

Lead Generation

Market Research

Consulting

Sometimes, you just need a different perspective.

We work with businesses to understand challenges, evaluate opportunities and create practical strategies.

Areas:

Business Strategy

E-commerce Consulting

Startup Consulting

Technology Consulting

Marketing Consulting

OUR APPROACH

We keep it simple.

01 - Understand

We learn about your business, goals and the problem you're trying to solve.

02 - Think

We research, analyse and identify the most practical approach.

03 - Build

We turn the plan into something real.

04 - Improve

We measure, learn and make it better.

WHO WE WORK WITH

Small enough to understand you. Ambitious enough to think big.

We work with businesses at different stages:

Startups

From validating an idea to building the first version.

Small Businesses

Helping traditional and service-based businesses adopt better technology and marketing.

D2C Brands

Building and improving digital storefronts, marketing systems and customer journeys.

Local Brands

Helping businesses build visibility and reach customers beyond their immediate location.

Entrepreneurs

Turning business ideas into something structured, actionable and real.

CTA

Have a business problem?

Tell us what you're working on.

03 - VIBY ACADEMY

HERO

Learn by doing. Not just by watching.

Viby Academy gives college students and freshers the opportunity to learn practical skills, work on real projects and start building their professional careers.

[Explore Programs]

OUR PHILOSOPHY

Because experience can't be taught from a textbook.

Courses can teach you the basics.

Real projects teach you how things actually work.

At Viby Academy, students get the opportunity to work on real Viby and client projects, learn from practical situations and build work they can talk about when applying for jobs.

PROGRAMS

For Freshers

2-Month Unpaid Internship

Designed for freshers looking to gain their first practical experience.

You get the opportunity to:

Work on real projects

Learn practical skills

Build your professional portfolio

Receive an internship certificate

Optimise your LinkedIn profile

Rebuild your CV

Get career guidance

Explore potential job opportunities

[Apply for Internship →]

For College Students

3-Month Paid Training + Internship

A structured learning and internship experience designed for college students who want to develop practical skills before entering the workforce.

You learn. You work. You build.

The program combines training with hands-on project experience.

[Explore the Program →]

DOMAINS

Choose what you want to build your career in.

Digital Marketing

E-commerce

Artificial Intelligence

Web Development

Content Creation

Business Development

Sales
Graphic Design
And more

WHAT YOU GET

More than a certificate.
Real Project Experience
Work on actual Viby and client projects.
Portfolio Building
Build work you can show to future employers.
LinkedIn Optimisation
Present yourself professionally online.
CV Rebuilding
Create a stronger, more relevant CV.
Certificate
Receive certification for your internship/program.
Career Opportunities
Eligible candidates may get access to job opportunities.

WHO IS IT FOR?

For students and freshers from Navsari who want to get ahead before their first job.
You don't need to know everything.
You need curiosity, commitment and the willingness to learn.

CTA

Your first opportunity doesn't have to be your last.
Start building experience today.
[Apply Now →]

04 - VIBY VENTURES

HERO

We don't just work on businesses. We build them too.

Viby Ventures is our internal venture-building arm where we identify problems, explore opportunities and build products and businesses of our own.

[Explore Our Ventures]

WHAT WE DO

From problem to possibility.

We look for problems worth solving.

Then we:

Identify

Find interesting problems, gaps and opportunities.

Validate

Talk to users, research markets and test assumptions.

Build

Create products, services or businesses around validated opportunities.

Launch

Put them into the real world.

Scale

Double down on ideas that show potential.

OUR APPROACH

Think like a startup. Build like a business.

We don't want to build products just because we can.

We want to build things people actually need.

That means starting small, testing quickly, learning from the market and improving along the way.

SOME IDEAS STAY IDEAS.

That's okay.

The goal isn't to make every idea successful.

The goal is to discover the ideas worth pursuing.

CTA

Have an idea worth exploring?

We'd love to hear it.

[Get in Touch →]

05 - ABOUT US

HERO

We're building more than a company. We're building an ecosystem.

Viby Solution started in July 2026 with a simple belief:

Businesses, people and ideas grow better when they have the right support around them.

Today, that belief is taking shape through three parts of Viby:

Viby Solution - helping businesses.

Viby Academy - developing people.

Viby Ventures - building ideas.

OUR STORY

It started with a simple question.

Why should technology, marketing, business development and strategy always be treated as separate things?

For many startups and small businesses, they aren't.

A business may need a website, but the website needs marketing.

Marketing needs a strategy.

Strategy needs market understanding.

And all of it needs to work together.

Viby was created to bring those pieces closer together.

OUR MISSION

Make it easier for people to build better businesses.

We want to help businesses solve real problems, help young talent gain real experience and build ideas that can become meaningful businesses.

OUR VISION

Build. Grow. Learn. Repeat.

We want Viby to become a place where:

Businesses find solutions.

People find opportunities.

Ideas find a way to become real.

OUR VALUES

Stay Curious

Things change quickly. We keep learning.

Think Practically

Good ideas are only useful when they can be executed.

Start Small

We don't wait for everything to be perfect.

Keep Building

We believe progress comes from action.

Be Honest

We'd rather tell you what you actually need than sell you what you don't.

FOUNDER

Het Chag

Founder, Viby Solution

Viby Solution was founded by Het Chag in July 2026.

He works across technology, marketing, e-commerce, business development and startups, with a focus on turning ideas into practical solutions.
